### Legend:

	Developed Greenway		Streams
	Developed Overland Connector		Streets
	Parking		Park Property
			School Property

### Items of Interest:

A variety of owls can be heard or seen in this area. Barred Owls regularly hunt along the creek and are often seen or heard during the day. Many pairs of Screech Owls have been documented breeding in the neighboring forests and Great-Horned Owls have been heard in this area as well. Even Barn Owls, one of the county's rarest bird species have been found roosting in a nearby silo.
